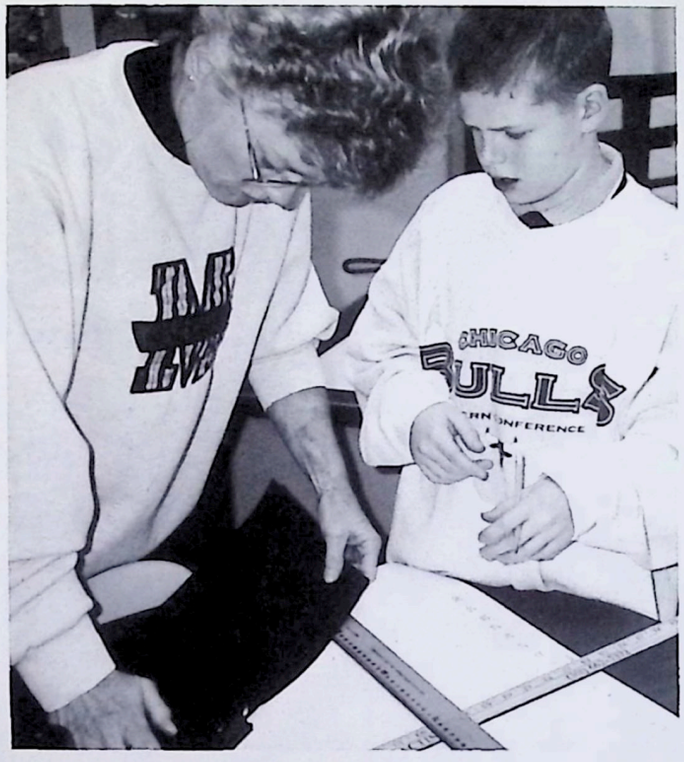
Dedicated to . . .



The Yearbook Staff is honored to dedicate *The Cornerstone* of 1998 to Barbara Kinzie, a loyal employee at Maryland School for the Deaf. Ms. Kinzie was born in Louisville, Kentucky. Her father worked for the Army. Correspondingly the family moved often, including Alaska and Germany. Ms. Kinzie was a student at seventeen different schools while growing up. Her graduation came at her final stop in her travel adventures, San Antonio, Texas. After graduating there, Ms. Kinzie enrolled into Gallaudet University. She majored in Physical Education, acquiring a B.S. degree. Later, Ms. Kinzie received a M.A. degree in Deaf Education from Western Maryland College.

"BK" came to work for Maryland School for the Deaf in 1973 as a teacher aide; becoming a teacher six months later. She specializes in the area of mathematics, and is excellent at what she does. She taught spelling and vocabulary briefly. She was the Class Sponsor for the Classes of '81, '85, and currently is the Class Sponsor for '99. She also served as Junior Varsity Girls Basketball Coach. Ms. Kinzie also contributes to smooth running of basketball, and wrestling games by donating her time as a scorekeeper and timer, which she still even continues to do to this day. Further, she works football games on the down markers, volleyball games; and numerous tournaments hosted by MSD. She is the "tickermaster" in the Box Office for both Drama Club and Graduation.

Ms. Kinzie is recognized for her dedication and loyalty to Maryland School for the Deaf. We have seen her wisdom, patience, and commitment to the faculty and the students throughout the school. She has given us her twenty-five years of her life. We can only express our gratitude and pride that she is a part of us, a part of Maryland School for the Deaf, through *The Cornerstone* of 1998. Let us hail . . .

BARBARA ANN KINZIE

Congratulations Seniors!

Time has come for each one of you, members of Class of 1998, to move forward to greater challenges. As you grow into productive members of the world society, you will cherish throughout your lifetimes knowledge, skills, experiences and friends you gained at MSD.

Much awaits us as we approach the new millennia. On many fronts, we are riding on an "exponential" wave. Technological and medical breakthroughs are becoming routine; and at the same time, the unchecked destruction of world forests, continuing depletion of the ozone layer, and exploding populations leave much of us experiencing conflicting feelings of optimism and anxiety. Schools are being modernized, but continue to battle with societal ills such as poverty, crime, illegitimacy, family disintegration, and drug abuse. In a few years, you will soon inherit various leadership roles in your communities. It is with much hope that you will enter the new millennia with much courage and wisdom to ensure that this world will be a more healthier and safer place for future generations.

Each member of the MSD Community is honored to have been part of your "MSD Education", and we wish you the best of luck in your future endeavors.

Best wishes,

James E. Tucker

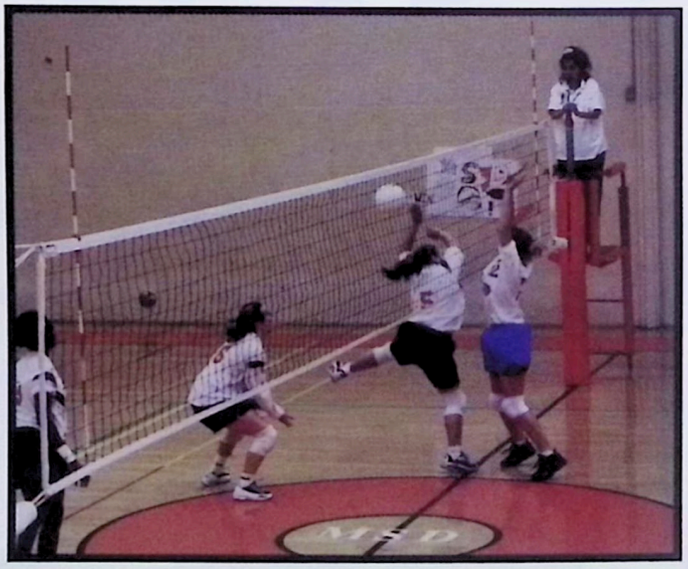
Homecoming Weekend

Orioles' Classic

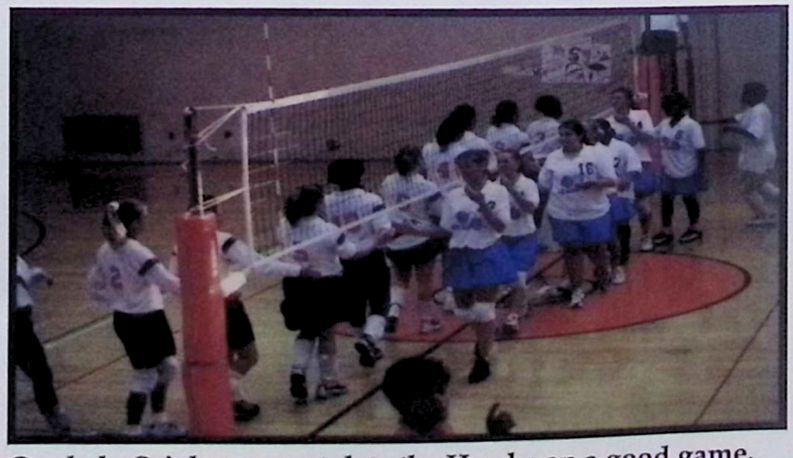
Nu-Nu leads the fans in shouts of "Fly!" as MSSD's team looks on.

Teri uses her explosive power to volley the ball over the net.



Giving it her all, Tiffany tries to save the ball without crashing into the net.

Coach Chevelle Barron psyches the girls out for the game.



Our lady Orioles congratulate the Hawks on a good game.

Homecoming Court and Football Game

More than 1,000 fans showed up, anticipating the outcome of this long-awaited game.

Chris Corrigan has got plenty of spirit to share with the crowd!

Sophomore prince Antonio Jimenez and princess Andrea Evans; Senior prince Petru Ciubotarescu and princess Sarah Duran; King Juan Pablo Borrero and Queen Kelly Corrigan; Junior prince Juan Carlos Borrero and Nicole Sichette; Freshman prince Yuri Randall and Jessica vonGarrel line up after receiving honors from Joshua Cogan and Piage Darus.

The color guard accompanies Kelly and Kimberly as they prepare to perform their all-new ASL version of "Star Spangled Banner".

Clockwise from left: Shana, Krystle, Jessica, Fallon, Lisa, Kimberly, Kami and Priscilla came for the fun and spirit of the fan-packed bleachers.

Spotter Eric and LaToya launch Sarah into the sky as Nicole and Alli declare the Orioles are Number ONE!

The offensive line clears the way for running back Franco and full-back Petru.

Samuel and Stephaine fire up the crowd at half-time with the good ol' Orioles Song and lots of new spirit.

LBE students give a special performance for the fans at halftime as Supt. Tucker observes.

To show their school spirit and pride, MSD fans buy things to support our team!

Kelly, Sarah, LaToya and Alli wave their orange and black pom pom to show their spirit during half-time as MSD leads 21-0.

The fans scream " GO, GO!" led by cheerleaders Sarah, Alli, and Kelly.

Queen Kelly pampers her King Pablo, who was injured during the fourth quarter.

Pablo makes a break for it as Franco and Jason hold back the other team.

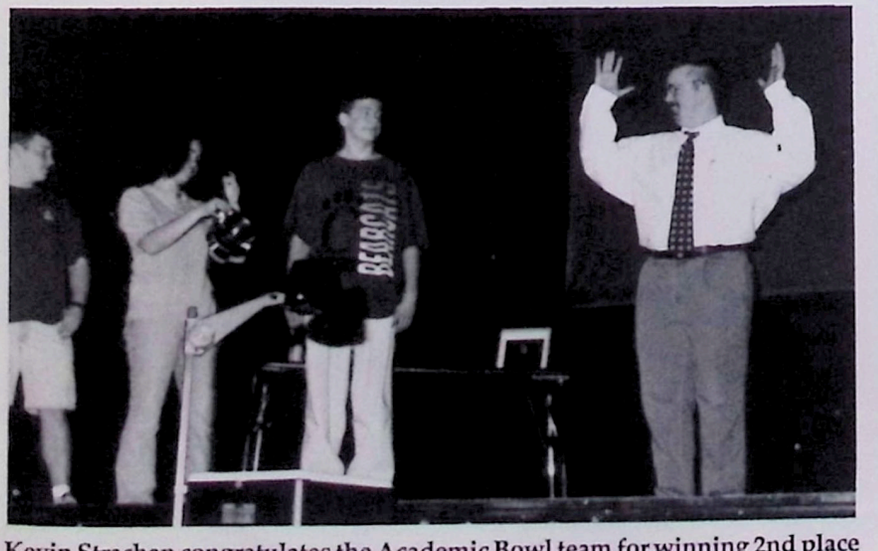
Academic Bowl

MSD Academic Bowl Team members Tim Riker, Joshua Walker, Keith Nolan, and Allison Polk (shown here with coaches Peggy Ann St. John-White and Kevin Strachan) brought great pride to our school this year. The team showed their stuff by answering difficult questions in the areas of Science, Math, English, Geography, History, Fine Arts, Deaf Studies, Current Events, and Popular Culture. They won first place in the Mid-Atlantic Regional Competition in March, and placed second in the nation in the National Academic Bowl Competition held at Gallaudet University in April.



Kevin Strachan congratulates the Academic Bowl team for winning 2nd place in the Nation.

Math Bowl

It was April 28, 1998 when four of us, Allison Polk, Elizabeth DeLumeau, Daniel Maliszewski, and I, set out to prove that Maryland School for the Deaf was top in the area of mathematics. Sponsors Kathleen Setzer and Julius Vold went along to keep our spirits and morale up. We went to American School for the Deaf in Connecticut to challenge several other schools.

We competed for the coveted trophy on April 29, in four rounds. It was nerve-wracking, as we advanced from round to round. We got a solid lead above other schools, including Lexington School for the Deaf and Marie Katzenbach School for the Deaf. We won the last round, with a grand total of 97 points. The Math Bowl covered everything from basic algebra to complicated trigonometry. We came home with the proud trophy to show that Maryland School for the Deaf is number one in brains, as well as in brawn.

Introduction

Our year in sports has been filled with memories. Tiny kids whirling around with their youthful enthusiasm, promising players training themselves dreaming about joining older kids in the contest of the national title. Most important for all, sports have taught us the true meaning of teamwork; "Ask not what your teammates can do for you, ask what you can do for your teammates"

This team was very pleasant and a fun bunch of kids to work with. they have showed excellent ability to learn and understand the game. They have improved a lot during the course of the season and it was fun to watch them play. Next year, they will be more mature and experienced as most, if not all, will be returning. They will know what it takes to win games like they did this year. I was really impressed with our first game when our team was down 18 - 12 late in the fourth quarter and with their full court man to man defense, they will able to rally back and win the game by only one point, 19 - 18.

The middle school boys (Senior Youth basketball) started with many new inexperienced players this season. There were only three returning players and eight new players who came back to the team. We had a great basketball season this year with many new players. Our record was 5 - 5. The boys had excellent attitudes and motivation. We will have many returning players next year, losing only two players to high school. We believe that we will have a great season next year. The most impressive this year were the practices. The boys practiced and played very hard without complaining, no quitters! We are very proud of them.

I was fortunate to have my first season as a coach with a team like this team because they all cooperated and practiced hard. They played hard and continually improved with each game. I am sure they will continue this great attitude and eventually do much better next year. The best thing about this season was winning the Virginia School for the Deaf volleyball classic at VSD. They played really well there, showing us how high their potential is. Many players will be returning next year so may the best happen!

The Girls Varsity Basketball Team started and ended the season with a "young but growing" group of players, who's motto was "Girls rule the court!"

The most impressive play happened when we made a big score against the number one team (Lexington School for the Deaf) at the ESDAA tournament. We played very well against power offenses, winning the first game at the ESDAA Tournament against the Western Pennsylvania School for the Deaf (WPSD). We also enjoyed our trip to the Women's NCAA National Championship Team, the University of Tennessee, Lady Vol's locker room. We had the opportunity to talk with their star Kristen Clemons and saw their famous coach, Pat Summitt.

We had a wonderful season! The team was admired by fans and outsiders alike for their "never give up" attitude. It was a real pleasure coaching this wonderful group of players. The same group of players will be returning next year and will also be attending basketball camp this coming Summer at Penn State University. We look forward to an exciting season, we know the players will return with many more skills, experiences, and an outstanding attitude, "ready to play!"

This year's team is the best squad I have ever coached! They worked hard and they showing their motivation and dedication daily. They are what I call true athletes. I am very proud of them! They got the traveling trophy back after losing it to different schools for 9 years when we won the ESDAA Cheerleading Tournament this year. To my surprise, they all did VERY WELL! Allison danced her heart out and we had wonderful team work and support. The girls were WONDERFUL!!! We lose Kelly Ann Corrigan and Allison Polk to graduation, and retain Kimberly Clapp and Nicole Sichette as a nucleus for another drive to the championship.

A wrestler's idea of a team meeting!

MSD wrestling team had another great season this year. MSD wrestlers managed to win 14 matches with their hearts, pride, and team spirit. MSD grabbed their fifth ESDAA wrestling championship in a row at American School for the Deaf which hosted the tournament with eight schools participating on the weekend of January 30. MSD wrestling team made history tying the Pennsylvania School for the Deaf (1976-1980) for winning five ESDAA championship in a row. MSD wrestlers captured another title at St. James Holloway Invitational Wrestling Tournament. The Oriole grapplers shocked many coaches by defeating Randolph-Macon Academy, which ranked 9th in Virginia State Independent Schools.

One of MSD's best matches was when MSD defeated Boonsboro HS, a well-known 2-A team in Washington County. Boonsboro HS led MSD by 29 to 18 up to the 171 lbs. class. John Jones, Ed Lowe, and Pat Holness won their matches and enabled MSD to win 33 to 29. Without the power of teamwork, MSD wrestlers would not capture their fourth National Deaf Prep Championship in a row.

A THOUSAND THANKS . . .

are what the Class of 1998 would like to bestow to their excellent sponsors, Mrs. Jenny Sue Bourne and Ms. Kerri Lawler-Davis for their dauntless support and patience. They are icons of encouragement and patience. Icons, yes; because they would have to be true saints by having to tolerate the Class of '98 ever since the beginning. And now it is the end of that beginning . . . as the seniors are graduating this year. A flashback in time: Homecoming, Prom, fundraising, and all the meetings . . . which they were there when we needed them the most. Mrs. Bourne would be ready with all smiles and revvin', while Ms. Lawler-Davis is there with her wonderful business-like demeanor and a smile. They both have a lot of experience. In other words, they provided a solid ground for all of us to stand on. Now we have to leave that solid ground after June 6th, the day we graduate. *BUT*, we shall always keep our memories of them solid in our minds. Memories, let them be good and bad. Because of you, we are able to keep walking on that solid ground . . . receiving our degrees in our black gowns with our heads held up in a proud way. Hail to our saints, Jenny Sue Bourne and Kerri Lawler-Davis of the Orange and Black . . . and thanks a million. WE RULE! Yeeeeaaaahhhh! **THE CLASS OF 1998 OFFICIALLY RULES!**

"We will not have any time left to do that!" and "Nobody is doing their job!" were the words used constantly by our Uncle Tom McKenna, our yearbook advisor when we worked on the yearbook throughout the year. If it was not for him, *The Cornerstone* of 1998 wouldn't even exist. We truly appreciate his dedication and determination to make the yearbook a successful one. Our advisor is the glue which holds us, the yearbook staff, together. He has sacrificed greatly by giving up his weekends and nights to work on the yearbook. For that, we ultimately thank him.

Let's not forget the people who contributed themselves to hammering out this yearbook in its grand final form. The yearbook staff was very disorganized at first, and there was general apathy. But we knew we could stick together and break our backs over photographs and computers. Teamwork was visible as the staff worked together in hours of endless labor.

In accordance to the theme of this yearbook, we have dreamed for the ultimate accomplishment of *The Cornerstone* of 1998. By the time the yearbook has seen print, it will become our memories, memories to keep and treasure. We always owe our dreams and memories to Mr. McKenna.
